Report on Town History.

Our report the present year does not differ essentially from that of the preceding one.

The assistance in our work, so flatteringly promised a year ago, failed to "materialize," and so the burden, to a large extent has remained upon us. We have however, continued the work, giving it all the time that circumstances would allow. Our primary aim has been to *accomplish the work*, paying but little regard to monetary compensation.

The grateful and appreciative interest of my fellow-citizens in our work is the greatest reward we could ask, and it seems as if we were entitled to this.

Our work has been chiefly genealogical and biographical, and in these departments we earnestly invite the full coöperation of all who have a home in, and a love for, our beloved town.

Report of the Board of Health.

We are pleased to report to the citizens of Cornish that no epidemic or contagious disease, has required the attention of the health officers during the year.

We have continued to enforce the law relative to the vaccination of school children while some are opposed to vaccination, and censure the health officers for enforcing the law, we have only this to say, that it is the law of the state, and the board are to enforce it, and should have the support of every law abiding citizen of the town and no parent should send a child to school until it has been successfully vaccinated.

Last April a three days' school of instruction, under the auspices of the State Board of Health, was held at the State House in Concord, and each local board was requested to send at least one delegate to the school. As it becomes the legal duty, under the law, for a board of health to send a representative, the board made choice of Dr. G. W. Hunt as that representative.

The following is the expense incurred during the year :

Dr. G. W. Hunt,	
Time and expense to attend the three days' school of instruction at Concord,	\$ 14 65
Eighteen primary vaccinations,	4 50
Twenty secondary “	2 00
Vaccine material,	3 60
Travel fees for purpose of vaccination,	6 00

Printing vaccination certificates,	1 00
	\$ 31 90—————

All children who are to attend school the coming year, that have not been successfully vaccinated, must be so before the spring term.

REPORT OF THE Trustees of Cornish Free Public Libraries.

It will doubtless be remembered that in our last annual report we spoke of having in process of binding, several volumes of magazines. These have been completed and are now in the libraries. We have now the Harpers', commencing in 1882 and ending November, 1900, that are bound. We have also the year 1902 now with the binder. We have several of the numbers for 1901, but lack a few. We have received a few volumes from the State, mostly statistical. Mrs. H. T. Deming has given us The American Conflict, by Greeley, (2 volumes), and the works of Lorenzo Dow; Miss Julia Hilliard has donated ten years of The Ladies' Home Journal; these we have inclosed in paper cases, six in a case, and given each a library number. We give herewith a list of the books added and a financial statement.

Cornish, N. H., Feb. 18, 1903.

We hereby certify that we have examined the accounts of the Selectmen, Town Clerk, Town Treasurer, Tax Collector, Trustees of Foss and Kimball Funds, Trustees of Cemetery Funds, Trustees of Public Library, School District Treasurer's report, Treasurer of the Memorial Day Fund, Board of Health, Town Historian, and Trustees of the Mercer Fund, and find all of the accounts correctly cast and properly vouched.

HERBERT DEMING, }
 ELWIN W. QUIMBY, } AUDITORS.

Report of the School Board.

We respectfully submit the following report: We have maintained twenty-eight terms of school aggregating two hundred and eighty-eight weeks, employing one male and sixteen female teachers. We feel that our schools have been above the standard of ordinary success, in fact there has been none to which the term failure could be applied. During the fall term a teachers' institute under the management of Supt. Folsom, was held at the Flat, all the teachers and a goodly number of others being present, and we are pleased to say that we have seen exemplified in the school room the suggestions of the superintendent and his assistants.

Assuring you of the deep interest we have taken in the welfare of the schools and possessing a consciousness of having done the best we could with the means at our disposal, we submit the above with the roll of honor and statistical table as our report.

NOTICE TO PARENTS, GUARDIANS AND OTHERS.

Ch. 93 Public Statutes as Amended 1901.

SECTION 14. Every person having the custody and control of a child between the ages of eight and fourteen years, residing in a school district in which a public school is annually taught, shall cause such child to attend the public school all the time such school is in session, unless the child shall be excused by the school board of the district because his physical or mental condition is such as to prevent his attendance at school for the period required, or because he was instructed in the English language in a private school approved by the school board for a number of weeks equal to that in which the public school was in session in the common English branches, or, having acquired those branches, in other more advanced studies. Any person who does not comply with the requirements of this section shall be fined ten dollars for the first offense and twenty dollars for every subsequent offense, for the use of the district.

SEC. 15. The state superintendent of public instruction shall have authority to enforce the laws relating to attendance at school and the employment of minors, and, for this purpose, he and any deputy appointed by him shall be vested with the powers given by law to truant officers when authorized by school boards to enforce the laws relating to attendance at school and the employment of children. And the expenses necessarily incurred by the state superintendent in such enforcement shall be paid, as audited and allowed by the governor and council.
